### DEATHS.

—Wm. Turtoe, (ex-Confederate), aged 88, died at Cynthiana last week.

—Miss Georgia Anderson, daughter of Mr. and Mrs. T. W. Anderson, died at Cynthiana, Sunday night, aged 20 years. She will be remembered by many of our young people as the attractive visitor of her cousin, Mrs. W. G. Talbot, of this county. Endowed with unusual beauty and gracious manners won for her many friends, and the news of her death will cast a gloom over the hearts of her friends in this county.

—Hal Pendleton, aged 19 years, died at the residence of his parents, Mr. and Mrs. I. T. Pendleton, in this city, Sunday, of typhoid fever. Burial at the Paris cemetery yesterday, services conducted at the grave by Eld. Carey Morgan. Much sympathy is expressed for the parents in the death of this worthy son. He was an industrious and exemplary youth and liked by all his associates.

—Mrs. Amanda Wallingford, died at 11 o'clock Sunday night, at the residence of her son Dr. J. S. Wallingford, on corner of Pleasant and Duncan avenue, after a lingering illness. She is survived by her husband and one son, and one sister, Mrs. Maria White, of Winchester, Ky. The funeral services will be held at the residence and at the grave, in the old Mt. Carmel this morning at 11 o'clock, conducted by Eld. Carey Morgan and Rev. E. H. Rutherford. Burial in Clark county, to-day. The procession will start from the residence at one o'clock and drive through. Mrs. Wallingford was a devoted wife and mother, and with Christian fortitude patiently bore her long suffering. She was a life long member of the Baptist church, and her loving Christian character will long be cherished by those who knew her best. The sympathy of the entire community is extended to the bereaved husband and son in this, the darkest hour of their lives.

### CHURCH CHIMES.

The methodists of Cynthiana will build a new church to cost \$15,000. Nearly \$10,000 was subscribed in as many days.

Bishop A. Coke Smith, of Virginia, will preside over the Kentucky conference which meets at Lexington, August 23.

Rev. E. G. B. Mann, of the Kentucky Conference, will dedicate the new South Methodist Church in Carlisle fourth Sunday in May.

Christian theological students of K. U. have volunteered a mountain missionary work. From this number, fifteen will be selected and stationed in the Kentucky field.

The Interchurch Conference on marriage and divorce issues an appeal to the nation which is a declaration of war against divorce. The alliance will endeavor to realize purposes in State and National legislation.

The Christian Church raised sufficient money Sunday to employ a missionary for a year. He will work under the direction of the American Christian Missionary Society; but the field and the minister will be selected by this church, and it will receive reports of work done. This is a great step forward and puts the Paris church in the first rank of Home Missionary Churches.

Rev. Dr. E. O. Guerrant filled Dr. E. H. Rutherford's pulpit Sunday morning and night. He preached a most excellent sermon at the morning services, and at night gave an interesting talk of the mountain missionary work in Kentucky. He has labored for years among the mountains, assisted by his bright little daughter, and church after church has been built in the Kentucky mountains through the energy of these two consecrated people.

The third of a series of sermons being preached by Elder Carey Morgan, at the Christian Church, on the subject of "Home," was listened to by a large and attentive congregation on Sunday night, his subject on that occasion being "Queens by Divine Right." Deep interest is being manifested in these meetings, which are largely attended, showing that practical sermons are the kind calculated to do the most good. The subject for next Sunday evening will be "Some of the Problems of Home."

## THRO' KENTUCKY.

Thro' the grand state of Kentucky, Where the "Old Home" got its name, Where the fields are overflowing With the yellow ripening grain.

Here tobacco plants are growing, In the fields not sown with corn, Tobacco plants—big as cactus— Just as sure as you are born.

Yes, they're large as good-sized cactus, Larger in our home-like view, But it's of a fine a grade as Is that old "Kentucky Dew."

Here all people reap a harvest, Money in bank from year to year, All the green calamity howlers, Lose their jobs when they land here.

Here the "dry" ways are the highways, Built high and dry from rains and flood. Here the "good roads delegation," Swear the roads are suit'ty good.

But of pikes and highways finest, There's a "road" that suits my taste; Tis the line of Solid Comfort, And the trains let no time waste.

## MANY LIVES WENT OUT

## Two Sealing Schooners Given Up as Lost.

The American Schooner Arthur Mc-Ardle Was Wrecked on Egg Island, Bahamas—Captain and Seven Men Escaped.

Vancouver, B. C., May 9.—The sealing schooners Triumph and Umbrina, of this port, have been given up as lost at sea with all hands. Capt. Hann, of the sealing schooner Jessie, which has just arrived from a cruise along the coast from California to Queen Charlotte Islands, picked up south of the Columbia river broken sealing boats and canoes, part of a schooner's rail, davit and other tackle belonging to the schooner Umbrina. When last spoken the sealer was headed for the west coast of Vancouver Island to land her men, who was very ill. Since then she has not been heard of and is long over due. The Umbrina was owned by Capt. Peppet, now in Eastern Canada. She carried a half white, half Indian crew, 23 all told, and was one of the largest of the fleet in Queen Charlotte sound. Capt. Mann found a schooner's boom with sail attached and from indications known to him he believes it belonged to the Triumph, also long overdue, and not amongst the fleet now bound for the Siberian coast. The Triumph carried a white crew of 19 and was the oldest and largest of the Victoria sealers. The owners have abandoned hope.

New York, May 9.—The Ward line steamer Santiago, which arrived Sunday from Tampico, Havana and Nassau, brought Capt. Sheppard and seven seamen of the American schooner Arthur Mc-Ardle, which was wrecked on Egg Island, Bahamas, on April 23, and became a total loss. The crew stripped the wreck of all the available property possible and took to their boats, went to a village on a nearby island, whence they obtained passage on a small sailing craft for Nassau. The Mc-Ardle was bound from Philadelphia for Havana, with a cargo of petroleum.

Other passengers on board the Santiago were Sir Gilbert Carter, governor of the Bahamas; Lady Carter and daughter. They are in transit to London.

## THE TWO CONVENTIONS.

Demand For Press Seats Far Exceeds the Capacity.

Washington, May 9.—The demand for press seats at the two national convention far exceeds the capacity of the space set apart for the newspapers of the country. At the Chicago convention there will be 290 seats in the press reservation, and already there have been received 1,300 applications. The demand for seats at the St. Louis convention also is far in excess of the capacity of the space reserved for the press. At the recent meeting here of the sub-committee having charge of the seating at Chicago, it was decided that notice should be given that applications not received prior to May 20 shall be given no consideration.

## MISSING MILLIONAIRE.

The Body of E. L. Wentz Was Discovered Near Kelly View.

Richmond, Va., May 9.—A special Sunday night from Big Stone Gap, Wise county, Va., says: The body of E. L. Wentz, who so mysteriously disappeared October 14, 1903, was found Sunday afternoon near Kelly View, within a mile of the place where he was last seen alive. The body, which was lying on the ground in plain view, was in a state of preservation sufficient for identification.

Young Wentz was the son of a Philadelphia millionaire, and was in charge of his father's mines in Wise county. Since his disappearance more than \$50,000 has been offered for any news of him.

## FOUR MASKED ROBBERS.

They Held Up a Railway Station and Robbed the Passengers.

Baxter Springs, Kan., May 9.—Four masked men entered the Frisco railway station here Sunday and, with drawn revolvers, demanded that the passengers get in line. While three of the men covered the crowd with their revolvers the fourth man searched every passenger, taking all articles of value he found. They then stole the contents of the depot safe, robbed the conductor of a passing train and escaped on a handcar.

## Burglary Insurance Unprofitable.

Chicago, May 9.—The activity of burglars has made burglary insurance in Chicago unprofitable. A new rate schedule will be adopted. Representatives of the companies acknowledge that in the last ten years the Chicago agencies handling burglary insurance have sustained a loss of \$30,000.

Signed a \$40,000,000 Warrant.

Washington, May 9.—Secretary Shaw signed a treasury warrant for \$40,000,000, which was delivered Monday to J. P. Morgan & Co., of New York, as disbursing agents of this government on account of the Panama canal purchase.

## Signed a \$40,000,000 Warrant.

## DIVORCE QUESTION.

The Inter-Church Conference Sends Out An Appeal.

Philadelphia, May 9.—The inter-church conference on marriage and divorce, a body representing officially 14 leading denominations, has issued through its secretary, Rev. William H. Roberts, D.D., an appeal to the public, calling attention to several aspects of the divorce question.

The paper is the beginning of a national campaign of education on the subject to be followed by efforts to secure the enactment of laws in the state legislatures, and ultimately it is thought of an amendment to the constitution of the United States.

Already action has been taken by the conference looking toward the prevention of the remarriage, by ministers of other communions, of divorce and whom clergymen of their own faith have refused to marry.

This movement is the first occasion of any sort on which the representatives of great denominations have officially come together. The members of the conference include:

Protestant Episcopal church in the United States; Presbyterian church, Methodist Episcopal church, Methodist Episcopal church south, Reformed Church of America, Reformed church in the United States, United Presbyterian church, Evangelical Lutheran church, the Baptist church south, the Congregational churches, the Universalist churches, the Unitarian churches, the Reformed Presbyterian church, the Cumberland church, the Alliance of the Reformed churches holding the Presbyterian service.

## JAPANESE PEOPLE.

Surprising Economy Is Observed In Every Place.

Richmond, Ind., May 9.—Gurney Binford, a Friends missionary in Japan, writing to relatives here, says about the war situation in Japan:

A remarkable thing is the surprising economy which is observed in every place. People are not spending more money than is absolutely necessary. Related families who have occupied two houses are closing one and two families enter one house. No one is putting out money for repairs, etc. To such an extent is economy practiced that it seems to threaten productive industry and bring trouble upon laboring classes. I tell them that it is foolish to do so, for while the general claim is made that this is done for economy to save money for the war, in reality it is extravagance, because by the stopping of the regular channels of industry the necessary funds and provisions can not be produced. It is said that at present the emperor is eating only one dish, a rice bowl, and that his food is the same as that given to the soldiers. He is doing this, they say, to set an example of economy and show sympathy with the people.

## ATTEMPTED ROBBERY.

Mrs. Senator Foraker and Her Niece Were the Victims.

Los Angeles, Cal., May 9.—A thief skulking on the porches of Hotel Lillie, after a set of diamonds worn by Senator Foraker's niece, Miss Ethel Marie Foraker, of Cincinnati, fell into the hands of a plucky hotel man with a gun.

Hotel Lillie fronts on Central park and many wealthy people spend the season there, rich picking for thieves. Among the guests are Mrs. James Foraker and Miss Foraker. As the two ladies were dressing for dinner they were alarmed to see a strange man skulking about the upper veranda in front of their room and trying to peer in. They were terribly frightened and snatching up their jewels rushed from the room.

In the hall they met Guy K. Woodward, the proprietor. Woodward used to be a deputy sheriff, and is a man of personal daring. Taking a gun Woodward ran upstairs and caught the man trying to escape from the porch through the hall.

## TO PREVENT TUBERCULOSIS.

Disinfectants to Be Used in Sprinkling Streets of New York.

New York, May 9.—Tests are being made of various chlorides and other chemicals in connection with a project now under discussion by the health department to check the spread of tuberculosis here. It is planned that should the tests prove successful, to use disinfectants in the water with which the streets are sprinkled. It is believed that tuberculosis as well as many other diseases are spread chiefly in the dust of the streets.

## Januschech's Farewell.

Saratoga, N. Y., May 9.—Mme. Francesco Januschech, the celebrated tragedienne, who for four years has made this place her home, left for the Actor Fund home at West New Brighton, Staten Island, N. Y., where she will probably stay the remainder of her days.

## The Cashier Held Up.

Chicago, May 9.—Two well-dressed robbers raided Kinsley's restaurant in the down-town districts Sunday night and held up the cashier. All the day's receipts, amounting to more than \$1,000, was secured and placed in a satchel.

## The Hungarian Band Arrives.

New York, May 9.—On board the steamer Umbria, from Liverpool and Queenstown, which arrived here Sunday, were Nikolaus Schilzony and his Hungarian band of 42 pieces, bound to the St. Louis exposition.

## THE NEPHEW CAUGHT ON.

Showed His Mercenary Uncle He Could Be as Saving as Anyone.

A naval officer recently returned from the isthmus of Panama, according to the New York Tribune, tells the following story concerning the wealthiest man on the isthmus:

"Senor M.—is known all over the isthmus as the stingiest man who ever lived. He will have no lights in his house except candles, and the lone candle in his sitting-room is not burned at night when he is talking to visitors and is not compelled to have a light."

"The old man has a nephew who makes the money fly. A short time ago he called on his uncle at night. While they were talking the old man blew out his candle. 'What did you do that for?' the youngster asked.

"'We don't need the light while we are talking,' the nephew replied. 'While the uncle was talking earnestly the boy began to shuffle about in the dark. Much annoyed by the interruption, the old man said: 'What are you doing?'"

"'Only just taking off my trousers,' the boy replied. 'I don't need them in the dark and want to keep from wearing them out.'

## Still Another Case.

Kirkland, Ill., May 9.—Mr. Richard R. Greenhow, of this place, is another who has been cured of Rheumatism by Dodd's Kidney Pills. He says:

"I had the Rheumatism in my left leg so bad that I could not walk over ten or fifteen rods at a time, and that by the use of two canes, and I would have to sit or lie down on the ground. The sweat would run down my face with so much pain. I could not sleep at night for the pain. I was in a terrible condition."

"I tried different doctors' medicines but got worse, till I saw an advertisement of Dodd's Kidney Pills and bought some. After I had had a few, the pain began to leave me, so I kept right on taking them and gradually getting better till I had used all fourteen boxes and my Rheumatism was all gone, not a pain or ache left."

"I can truly say I haven't felt better in twenty-five years than I do to-day. Dodd's Kidney Pills have made a new man of me."

## TIME IS UP.

A Russian newspaper announces that the Chinese will astonish the world when the world least expects it. To meet these requirements, there is no need for delaying—Manchester Union.

A prominent club woman, Mrs. Danforth, of St. Joseph, Mich., tells how she was cured of falling of the womb and its accompanying pains and misery by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Life looks dark indeed when a woman feels that her strength is fading away and she has no hopes of ever being restored. Such was my feeling a few months ago when I was advised that my poor health was caused by prolapsus or falling of the womb. The words sounded like a knell to me, I felt that my sun had set; but Lydia E. Pinkham's Vegetable Compound came to me as an elixir of life; it restored the lost forces and built me up until my good health returned to me. For four months I took the medicine daily, and each dose added health and strength. I am so thankful for the help I obtained through its use."—MRS. FLORENCE DANFORTH, 1007 Miles Ave., St. Joseph, Mich.

\$5000 for a girl aged 16 years, letter proving genuineness cannot be produced.

AN ILLINOIS FARMER IN  
WESTERN CANADA.

A recent issue of the Shelbyville, Illinois, Democrat contains a long and interesting letter from Mr. Elias Kost, formerly a prosperous farmer of that state, who recently emigrated to Western Canada, taking up a claim for himself and for each of his three sons.

From Mr. Kost's letter, which was written Feb. 3, 1904, we publish the following, believing it will prove of great interest to those who have contemplated settling in the Canadian Northwest:

"I had in August, 1902, secured a claim for myself, and filed on three quarter sections for my sons. My claim is one-half mile south of the Edmonton and Lake St. Anne trail.

"Coming so late in the season we had little opportunity to break and to prepare ground for a first year's crop, still we raised over 100 bushels of very fine potatoes, and sowed a few acres of barley, but the season was too far advanced for the barley. However, we secured good feed from it, and on rented ground 18 miles east of us, raised a fine crop of oats, so that we will have plenty of feed for horses. We cut about 60 tons of hay and thus will have an abundance. We have, all told, about 240 acres of hay meadow, which would yield the past year over three tons to the acre, and in an ordinary season the meadow would furnish 600 tons of hay. The grass is very nutritious, and cattle on the ranges become very fat without being fed a pound of grain.

"On the upland the grass grows from eight to ten inches tall. This is called range grass, and is suitable for stock at any time, even in the winter when the ground is not covered too deep with snow. Horses subsist on it alone, at all times, provided they are native stock. The grass in the hay meadows here is called red-top, and grows from five to six feet in length, and when cut at the proper time yields an abundant crop of nutritious hay.

"Our cattle have not cost us a cent since we came on our homestead, only the small outlay for salt and labor in putting up hay and shelter. All cattle have been doing well this winter, and feeding up to the first of January was unnecessary, as there was good range up to that time.

"All the snows up to that date were followed by winds from the northwest that melts it very rapidly; these winds are called Chinook winds, and are always warm. In one night a Chinook wind may take away three or four inches of snow.

"We have built on our claim a comfortable house of hewn logs, 20x26 feet, one and one-half stories in height, with a good cellar. During the latter part of June we rafted logs down the Sturgeon to a sawmill, about eight miles away, and thus secured 5,000 feet of good lumber which was needed for the house. Later in the season a shingle mill located six miles away. To this we hauled logs and had shingles cut for the roof.

"We had an abundance of wild fruit the past season, consisting of gooseberries, strawberries, raspberries, eyebries, blueberries, cherries and saskatoons. The latter are a fine looking berry, red, and quite pleasant to the taste, but not much to be desired in cooking. The strawberries are the same as those that grow wild in Illinois. Raspberries are red in color, large and equal to any of the tame varieties, and so are the gooseberries. The cranberries consist of the high and trailing varieties. The latter are most sought and contiguous to the swamps. The ground is literally covered with them as with a red carpet, but the best and most sought is the blueberry, so called by the Indians. This is the famous "huckleberry" (whortleberry) of the Blue Ridge Mountains in Pennsylvania, and cannot be excelled for excellence by any fruit cultivated. It is found here both on the prairie and in the timber in immense quantities.

"Game is very plentiful so far as prairie chickens, pheasants, ducks of all kinds, and geese are concerned. We have taken nearly 500 chickens and pheasants, also a great many ducks.

"An occasional deer is seen, but are not plentiful, only one having been taken during the season in this settlement.

"Fish are very plentiful at all seasons of the year. Fish wagons and sleds are passing almost daily along the trail with heavy loads of fish, destined for St. Albert and Edmonton. From the latter point they are shipped south on the Calgary and Edmonton railroad to points along the line, and also to Assiniboia, on the Canadian Pacific railroad.

For further information apply to any authorized Canadian Government Agent whose address appears elsewhere.

Prayer Answered.

A preacher who went to a Kentucky parish where the parishioners bred horses was asked to invite the prayers of the congregation for Lucy Grey. He did so. They prayed three Sundays for Lucy Grey. On the fourth he was told he need not do it any more. "Why?" said the preacher, "is she dead?" "No," answered the man, "she won the Derby."—Washington Post.

How to Clean Laces.

To clean delicate laces, take a large glass cover with cold water and spread the lace carefully on it. Soak the bottle in warm Ivory soap suds and leave for an hour. If stains are difficult to remove, place in the sun and they will disappear. Rinse by dipping the bottle in clear water.

## State Convention Called.

A State Convention to elect delegates to the National Convention and to reorganize the party committees was called Friday by the Democratic State Executive Committee to be held in Louisville on June 8. County mass conventions will be held on June 4 to elect delegates to the State Convention. The committee adopted a rule requiring the recognition of the delegates holding prima facie credentials in effecting the temporary organization of the State Convention. The rule was the outgrowth of Chairman Young's declaration to Gov. Beckham and others at a recent conference that he would not recognize any delegation sent by Mayor Grainger and the city administration, even though the Louisville delegates be regularly and properly chosen. Chairman Young also predicted serious trouble in the State Convention. He says he will ignore the State Committee's new rule as to credentials and will do all he can in the interest of W. R. Hurst for President.

## Franklin Gets His Money.

The court, Judge Paynter writing, affirmed a judgment of the Franklin Circuit court in a case of S. W. Hager, Auditor, against Robt. B. Franklin. The question raised was whether money collected on judgments entered in one year and paid in another could be properly devoted to the fees of the Commonwealth's Attorney for the year in which it was paid. Mr. Franklin had secured judgments against two corporations in the year of 1903, on which the money was not paid until the present year. Upon the advice of the Attorney General the Auditor declined to pay the fees claimed by the Commonwealth's Attorney. The court below held that Franklin was entitled to receive the money.

## Fire In Lylesville.

The fire department was called to Lylesville, a colored suburb, about 2 o'clock Monday morning, and by hard work managed to save that section of the town from destruction, as there was a fierce gale blowing. The homes of Will, Henry and Jim Brooks were totally destroyed with most of their household effects. The fire started on the side of Will Brooks' house and was no doubt of incendiary origin. A person who would burn a man out of house and home should be dealt with severely, the extreme penalty, hanging, is his just dues, even if it should be done without trial before judge or jury.

Entrance was made in the rear of the building and none of the occupants were awakened by the intruder. Miss Lelia Champ, who was the guest of the Misses Rion, who occupy the second floor, lost a gold watch and other jewelry. A pistol that was kept by the Misses Rion for protection was also taken.

The burglars next visited the residence of Mr. Stanton Rummons, several squares above Stark's and received another gold watch and \$13 in money.

## Has Looped the Loop.

Mr. I. K. Carr, the sweetened wind manipulator at the soda fountain of G. S. Varden & Co.'s, met with a serious accident Saturday night after the close of the Street Fair. He was tossing one of his "Happy Hooligans" when he became entangled in one of his famous "Loop the Loops," which put him through such a succession of gyroscopic revolutions that as yet he never came back." Some say he was seen midnight to jump from the top of the tall ladder at the Street Fair into the cold waters of Houston Creek, but this cannot be substantiated. At all events, he left Mr. Varden's soda fountain, and a new dispenser will take charge to-day—although he may have to work for a day or two without white vest or apron, as Carr only left his overalls as a souvenir.

Be patient with the poor gas man; You may not know the pain He suffers while the gas is off, And business shows no gain.

## Why Not Paris?

Other cities, no larger than Paris, boast of their Commercial Clubs, then why not Paris? By this method everything that is best for the merchants, and best for the trade, and best for the city at large, can be studied. Such a club's principal object is the upbuilding of the town. There is no town of the size of Paris in Kentucky that can point to better trading facilities and to as many attractive stores. Now if the officers of the Paris Commercial Club will not call a meeting of the club already organized, let the business men get together and organize a new one. There is some two or three hundred dollars in the Treasury of the old Club that would make a nice nest egg.

We do not know who is holding this money, but if the merchants do not care to push their own interests in this matter this money should be returned to the parties who paid it in, or we would suggest that it be paid into the Paris Hospital fund.

There is nothing that would do more credit to our town than a wide-awake Commercial Club. We do not understand what the old officers of this club mean by their silence. Will somebody speak out in meeting just once.

A Large Increasing Business.

January & Connell say if there were a few more interurban roads in Bourbon county they would be compelled to enlarge their workshop and secure more workmen, as they are to-day working more men than ever before. They were awarded a contract at Covington this spring of over 30,000 square feet of slate roofing and they have sold more furnaces this year than any previous year.

Both of these gentlemen have been in the business since 1868, working for Mr. J. J. Shaw into 1890, when they embarked into business for themselves, and to show their popularity and business integrity they have customers who have dealt with them constantly since that time. They know their business from A to Z, and do not depend on their employees to run their business. They are agents for the best goods in their line.

Some Bourbon Crop Notes.

The apple crop will be good.

Many farmers are through planting corn.

Tobacco plants are growing nicely and a large acreage will be set.

Many fields sown to hemp are up and doing nicely, since the copious showers have fallen.

Fruit growers are pleased with the outlook. Peaches, pears, apples and small fruits promise an abundant crop.

The prospects for a good wheat crop not very flattering. Many fields have been plowed up and planted in corn.

Spring lambs will soon be on the market.

The supply is above the average and farmers are anticipating good prices.

Bluegrass has been a little backward,

but the recent rains and warm sunshine have brought it out wonderfully, and an average crop is expected.

A Continual Strain.

Many men and women are constantly subjected to what they commonly term "a continual strain" because of some financial or family trouble. It wears and distresses them both mentally and physically, affecting their nerves badly and bringing on liver and kidney ailments, with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and despondency. They cannot, as a rule, get rid of this "continual strain," but they can remedy its health-destroying effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy bodily functions, gives vim and spirit to one's whole being, and eventually dispels the physical or mental distress caused by that "continual strain." Trial bottle of August Flower, 25c; regular size, 75c. At all druggists.—W. T. Brooks.

Healthy Mothers.

Mothers should always keep in good bodily health. They owe it to their children. Yet it is no unusual sight to see a mother, with babe in arms, coughing violently and exhibiting all the symptoms of a consumptive tendency. And why should this dangerous condition exist, dangerous alike to mother and child, when Dr. Boschee's German Syrup would put a stop to it at once? No mother should be without this old and tried remedy in the house—for its timely use will promptly cure any lung, throat or bronchial trouble in herself or her children. The worst cough or cold can be speedily cured by German Syrup; so can hoarseness and congestion of the bronchial tubes. It makes expectoration easy, and gives instant relief and refreshing rest to the cough-racked consumptive. New trial bottles, 25c; large size 75c. At all druggists.—W. T. Brooks.

### FOR JUDGE OF COURT OF APPEALS.

TO THE VOTERS OF THE FIFTH APPELLATE COURT OF KENTUCKY:—I am a candidate for Judge of the Court of Appeals from this District, subject to the action of the Democratic party. As Circuit Judge, it became my duty to try a number of criminal cases, which have become a part of the State's history and at a most critical time. As Judge of the State Fiscal Court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new Constitution, as well as to construe the present Constitution whenever a controversy arose as to its proper construction. Almost innumerable cases have burdened the dockets of my court, touching the rights of corporations and the exercise of franchises under law. How well I have discharged my duties under such trying circumstances, is left to you to determine.

I will be very grateful to all who feel they can assist me to secure the high position and office to which I aspire.

Very respectfully,  
JAMES E. CANTRELL.

### FOR CONGRESS:

We are authorized to announce W. P. Kimball, of Fayette county, as a candidate for the Democratic nomination for Congress from Seventh District, subject to the action of the district convention to be held in the city of Lexington on Thursday, May 12, 1904.

I am a candidate for re-election to Congress from this District, subject to the action of the Democratic party. I believe in getting as close to the people as possible, and it was my desire that a primary election be held to select a Democratic nominee for Congress, so that every Democrat could have the privilege of going to his precinct voting place and expressing his choice, but my opponents desired mass conventions at the county seat, and the committee so ordered.

I am now serving my second term as your Representative. I have endeavored, to the best of my ability, honestly, faithfully and conscientiously to do my duty. It is my highest ambition to secure legislation for the relief of the farmers, who have been so grossly imposed upon by unjust laws, and I feel that my experience has fitted me to render valuable service on this line, if I am permitted to continue to represent my District.

My official duties in Washington will prevent me from making an active personal campaign in all the counties of the district, therefore, I will have to rely on my friends to take care of my interest, which I have an abiding faith they will do. Trusting my service as a member of Congress meets with your approval, and hoping my candidacy will receive your valuable aid and support, I am

Very respectfully yours,

## THE TWO ALABAMA LYNCHINGS.

Acting Gov. Cunningham Took Decided Action in the Matter.

Monterey, Ala., May 7.—Two lynchings have occurred in Alabama within the past 30 days, one for alleged criminal assault and the other for an alleged assassination of a white man by a Negro. Acting Gov. Cunningham Friday took decided action to have these lynchings investigated and the guilty punished. He addressed letters to Circuit Judges W. S. Anderson and T. Scott Sayre, calling their attention to the lynchings and urging them to hold special terms of their respective courts to bring lynchers to justice. He gave an interview in which he said: "I believe that prompt trial by court of all rapists and assassins and an earnest and prompt effort to bring lynchers to justice will not only make the law a terror to criminals but also to those who disregard by the substituting of lynching for courts of justice."

### FIVE MINERS ENTOMBED.

It is Feared They Lost Their Lives in a Burning Mine.

Shamokin, Pa., May 7.—Five miners are entombed and believed to be dead as a result of a fierce fire which is burning in the Locust Gap colliery of the Philadelphia and Reading Coal and Iron Co. The fire started Thursday night in the slope, and Wm. Massakie, Michael Shannon and John and Michael Boglan were cut off from escape before they were warned. Rescuing parties were at once set to work, and up to Friday night their efforts to bring out the men have been unsuccessful. John Debo, notwithstanding the protests of others, went far into the workings and has not been heard from since, and it is believed that he has succumbed to smoke and gas. The fire is burning fiercely. Some of the officials think the men will be found smothered to death, while some of the miners are of the opinion that they are safe in old abandoned workings.

### SMOKELESS POWDER CLOTH.

It May Be Used in the Navy For Ammunition Bags.

Washington, May 7.—Exhaustive experiments are to be made at the Indian Head proving grounds with smokeless powder cloth, a highly inflammable cellulose material, with a view to its use in the navy for ammunition bags. Although bags of such material must be handled with greater care than those made of muslin, it is believed the smokeless powder cloth is more desirable because it will burn rapidly and thoroughly, thus averting the danger of any smoldering particles being left in the chamber of the gun. There has not been any trouble with the muslin bags on this score except that particles of the tape with which the bags are tied have been found in the bore after the gun was discharged. Silk bags are used in the English navy, but the muslin bags are preferable to silk because they do not tear or wrinkle easily.

### CUBAN NAVAL STATIONS.

Rodgers and Ackley Have Been Selected as the Commandants.

Washington, May 7.—Announcement is made at the navy department of the selection of Lieut. Commander C. C. Rodgers to be commandant of the naval station at Guantanamo, Cuba, and to command the Amphraha station ship at that place and of Capt. Seth M. Ackley to be commandant of the naval station at Olongapo. Establishment of coal piles at these points and sounding for fresh water will be the first work. It is intended that the scheme of improvement prepared for Olongapo by a board of which Mr. Adm. Taylor, chief of the bureau of navigation, was president, shall be followed with certain modifications.

### THE IOWA'S GUNS.

Remarkable Records Were Made at Target Practice.

Washington, May 7.—Remarkable records were made by the Iowa's guns in the annual record target practice just completed at Pensacola. The Iowa's 12-inch guns made 42 shots and 34 hits. The best 12-inch gun made 11 shots and 11 hits. The hits per gun per minute for the 12-inch guns were 0.75. This equals the record made by the British ship Ocean in 1892 when she broke the world's record, and in the case of the Iowa the record is all the more creditable because her guns are of an old type. The Iowa's 8-inch guns made 120 hits per gun per minute, the best gun making eight hits out of nine shots.

### Restraining Order Issued.

Chicago, May 7.—Judge Tuley issued an injunction restraining the Woman's Catholic Order of Foresters from holding the biennial convention of the order at Minneapolis, May 10. The date named, it was charged, would prevent the attendance of many who wished to attend.

### To Be Made a Brigadier-General.

Washington, May 7.—The president has determined to appoint Col. Albert L. Mills brigadier general. Col. Mills was nominated a brigadier general during the last session of congress but the senate did not act on his nomination.

Speaker Cannon Welcomed Home. Danville, Ill., May 7.—Speaker Joseph G. Cannon received an enthusiastic welcome home Friday evening. The majority of the business houses were closed. Business houses and residences were beautifully decorated.

Constant weariness, headaches, days of pain, nights of unrest are danger signals warning you to cure the kidneys. Use Doan's Kidney Pills, which have made thousands of permanent cures.

Frank D. Overbaugh, cattle-buyer and farmer, Catskill, N. Y., says: "Doctors told me ten years ago that I had Bright's Disease, and said they could do nothing to save me. My back ached so I could not stand it even drive about, and passages of the kidney secretions were so frequent as to annoy me greatly. I was growing worse all the time but Doan's Kidney Pills cured me, and I have been well ever since."

A FREE TRIAL of this great kidney medicine which cured Mr. Overbaugh will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all dealers; price 50 cents per box.

For Disorder of the Mouth.  
Offensive breath may be caused by decaying teeth, or an unwholesome state of the mouth itself, the lungs or the stomach. For any disorder of the mouth there are few things better than a wash composed of glycerin, one-part; boracic acid, one part, and water, 33 parts. The water should be boiling and the wash be used when cold. A few drops of tincture of myrrh will form a pleasant addition. When the stomach is at fault a benzole acid lozenger taken now and then may prove useful.—Chicago Daily News.

His impulsive exclamation, however, was heard distinctly by the elderly woman of severe aspect who was just behind him.

"So did your tongue, sir," she responded frigidly.—Chicago Tribune.

Quer Little Church.  
One of the queerest and most isolated churches in England is a little gray edifice in the valley of Westdale Head, Cumberland. It is over 400 years old, and has only two windows and eight pews. ## IN AN OLD TRUNK.

Baby Finds a Bottle of Carbolic Acid and Drinks It.

While the mother was unpacking an old trunk a little 18 months old baby got hold of a bottle of carbolic acid while playing on the floor and his stomach was so badly burned it was feared he would not live for he could not eat ordinary foods. The mother says in telling of the case:

"It was all two doctors could do to save him as it burnt his throat and stomach so bad that for two months after he took the poison nothing would lay on his stomach. Finally I took him into the country and tried new milk and that was no better for him. His Grandma finally suggested Grape-Nuts, and I am thankful I adopted the food for he commenced to get better right away and would not eat anything else. He commenced to get fleshy and his cheeks like red roses and now he is entirely well."

"I took him to Matamoras on a visit and every place we went to stay to eat he called for Grape-Nuts and I would have to explain how he came to call for it as it was his main food."

"The names of the physicians who attended the baby are Dr. Eddy of this town and Dr. Geo. Gale of Newport, O., and anyone can write to me or to them and learn what Grape-Nuts food will do for children and grown-ups too." Name given by Postum Co., Battle Creek, Mich.
